

BGE Geography Level 3 Homework Helpers

EARTH'S FORCES

Page 11

[Explore the zones of the Earth](#) further with this great interactive page from dkfindout.

How was the Earth formed? – [The Big Bang Theory](#) – Steven Hawking.

[The History of the Earth – How Our Planet Formed](#) YouTube documentary.

The zones of the Earth explained – [Zones of the Earth](#).

[Dr. Binocs Structure of the Earth for Kids](#). Nice simple film clip of the Earth's layers including the two parts of the crust.

Page 12

Test your [zones of the Earth knowledge](#) with this online quiz.

Page 13

This [“What if Earth only existed for 24 hours?”](#) YouTube clip from Discovery will make you realise just how recently humans have arrived on the planet.

Page 14

Attention all Earth's crust geeks! Check out this very detailed and scientific slideshow of the [Earth's crust from the National Geographic](#).

[Explore the Earth's crust](#) further with this link to dkfindout.

[Take a journey to the centre of the Earth](#) using this fantastic link from the BBC.

Page 21

Pangea Splitting – BBC – Dr. Ian Stewart describes the breaking up of the super continent [Pangea Splitting](#).

What causes the plates to move? – [Convection currents film clip](#).

[Test your knowledge of the Earth's plates](#) with this dkfindout map. Click on the tick in the top left-hand corner to reveal the names of the plates.

Follow the links on this brilliant interactive page from dkfindout to learn more about [plates and the ways they move](#).

VOLCANOES

Page 25

Use this fantastic interactive page from dkfindout to [explore everything you would need to know about volcanoes!](#)

Some [fab volcanic facts for kids](#) can be explored with this link.

[Volcanoes – BBC Bitesize](#) – Easy volcano facts from BBC Bitesize.

[More volcanoes from Bitesize](#) but with more detail!

Discover more [volcano facts from the National Geographic](#).

[All things volcanic](#) from Discovery Kids.

Want to find out where volcanoes are erupting right now? Click here for an [interactive map](#).

Great, dramatic YouTube [Introduction to Volcanoes](#).

Straight forward summary of the main facts on volcanoes – [All About Volcanoes for Children](#).

British Geographical Survey – [Model of Arthur's Seat](#).

Page 28

Follow this link to find out the [world's most dangerous volcanoes](#).

Want to see what lava really looks like? Watch this [National Geographic clip!](#)

The eruption at Pompeii AD79 – [What happened when Vesuvius erupted?](#)

BBC Teach clip on [How did the victims of Pompeii die?](#)

Good footage of Mt. St Helens's eruption – [Deadly Mount St. Helens](#).

Mount Etna – [Fighting the lava flow at Zafferana.](#)

Great National Geographic footage of [Etna's continuous eruptions.](#)

EARTHQUAKES

Page 37

[Find out about the San Andreas Fault](#) with this Discovery Channel clip.

[Loma Prieta earthquake](#) – San Francisco 1989.

[Loma Prieta earthquake](#) – San Francisco, graphic footage.

[Loma Prieta earthquake – 30 years later.](#)

Page 42

[Find out more about the Transamerica Pyramid.](#)

The USGS gives [earthquake advice to people living in San Francisco.](#)

[Earthquake Country Alliance – Great ShakeOut and Drop, Cover, Hold on website.](#)

Page 44

Use this [link to SF72](#) to find out what to put in an earthquake survival kit and much more!

TSUNAMIS

Page 47

Use this excellent interactive page from dkfindout to learn much more on tsunamis.

BBC Bitesize tsunami animation.

Follow this link to the Pacific Tsunami Warning Centre website.

Bang Goes The Theory explains How Earthquakes Trigger Tsunamis.

Boxing Day tsunami footage – YouTube clip.

This Sky News documentary visits survivors of the Boxing Day tsunami on its 10 year anniversary.

YouTube film footage of the Japanese tsunami destruction.

If studying earth forces really interests you – here are some geography related careers you might be interested in.

Use this link to a great interactive app to [explore the biomes of the world](#).

Page 83

Making a climate graph on Excel.

Excel Climate
Graph.docx

Page 86

Use this brilliant dkfindout page to interact with the [rainforest layers and animals](#) in the Amazon.

Find some interesting facts and figures on the [plants and layers within the rainforest](#) with this excellent BBC Bitesize link.

Did you know that bananas come from tropical rainforests? [Go bananas](#) and find out more here!

We all love chocolate, but did you know it comes from the rainforest? [Find out more](#) here.

Page 88

This great interactive page from dkfindout helps us [investigate the creatures that live in the different layers](#) of the rainforest.

Find lots of [excellent facts, images, and film footage of many rainforest species](#) on this superb site by Rainforest Alliance.

Page 92

Click on the links on this site to find out lots of [information on Brazil's indigenous tribes](#).

Some students from the UK follow in the footsteps of Sir Walter Raleigh and experience life with the [Makushi tribe](#) of Guyana.

Learn about tribal life in the [People of the Xingu](#) YouTube clip.

Full documentary on the [life and customs of the tribes](#) of the Amazon rainforest in Ecuador.

Page 95

Visit Internet Geography have to learn more about the “[Impact of Humans on the Tropical Rainforest](#)”.

[BBC Bitesize clip](#) and information on rainforest destruction in Kalimantan, Indonesia, and Costa Rica.

Page 97

Visit this website to witness, before your eyes, [counters showing how quickly the rainforests around the world are disappearing](#).

Page 99

Should we contact un-contacted people? [YouTube clip](#).

Click on the links on this excellent Survival International website to find out, in detail, the [issues facing un-contacted rainforest tribes](#).

Find out more about the [Belo Monte Dam and tribal protests](#) in the YouTube clip.

[How does deforestation affect our climate?](#) This short film clip tells us.

Excellent summary of the [issues facing tribes](#) when they experience contact from the outside world.

Find out how [deforestation in Madagascar is affecting animal life](#) with BBC Teach.

Use this [film clip](#) and excellent CBBC Newsround site to learn about palm oil, rainforest destruction, and the [death of orangutans](#).

Page 102

[What is ecotourism?](#) and [Amazon village says no to ecotourism.](#)

Does the answer to protecting the rainforests lie in ecotourism? Visit [TourTheTropics](#) to find out more.

Page 103

Study this page on [“100 things to do in the Amazon Rainforest”](#) and make up your own bucket list.

Why no fund raise and [buy an acre of rainforest](#) so that it can be protected?

Impress your friends! How to make [instant snow with a pot of boiling water](#) in Siberia! YouTube clip.

Page 127

Want to find out more about aurora borealis? This [Aurora Service website](#) tells you all about it and even gives you alerts on current levels of activity.

Page 129

Find out [more about permafrost](#) on this Alaska Kids website.

[What is a pingo?](#) Find out more on the World Atlas website.

Read more about the [Siberian mammoth from the permafrost](#) on this Livescience site.

In [search of permafrost in the tundra](#) from Untamed Science.

[What is permafrost?](#) YouTube clip.

[What is pingo?](#) YouTube clip from Parks Canada.

View a [perfectly preserved woolly mammoth](#) from the Siberian permafrost.

Page 132

Watch a tundra soil animation to help you understand the conditions plants have to adapt to as well as lots [more on tundra life](#) with this U. S. Fish and Wildlife Service.

Take a [virtual tour of the tundra wildlife](#) with this excellent dkfindout site.

[Learn about polar bears](#), watch live feeds, and discover threats to their life on this Polar Bears

International website.

Find a wealth of [information on tundra animals](#) on this Enchanted Learning site.

[Find out more about polar bears](#) in this pack on frozen worlds from the WWF.

Some great information on [tundra food webs](#) on this website.

[Huge caribou herd migrates](#) in the tundra – BBC Worldwide.

Watch [snow bears and walruses](#) in this BBC clip.

[Polar bears attempt to hunt seals](#) in this BBC clip.

[Polar bear and cub come under attack](#) from a male bear in this BBC clip.

[Polar bear family footage](#) from the BBC.

Find out [all about narwhals](#) in this National Geographic clip.

[Track polar bears](#) with this WWF link.

Page 137

Visit this “Canada’s First Peoples” website to carry out research on the [traditional life of the Inuit](#).

This fantastic DK site allows you to [take a virtual tour of an Inuit winter house](#).

Fancy playing [games and challenges that Inuit children play](#)? Learn how on this “Beyond Penguins and Polar Bears” website. Try some out in class!

[Learn how to build and igloo](#) with this excellent “A boy among polar bears” BBC Natural World clip.

[How to hunt and skin a narwhal](#) is shown in this “A boy among polar bears” BBC Natural World clip.

Ray Mears tells us [how to build an igloo](#) in this BBC Worldwide clip.

Learn about the [Nenet reindeer herders of Siberia](#) with Bruce Parry in this BBC Worldwide clip.

[Bruce Parry eats raw reindeer meat](#) in this BBC Worldwide clip.

[What is the link between urine and reindeer?](#) Find out by watching this BBC Worldwide clip with Bruce Parry.

[A highly unusual Inuit way to catch fish](#) is shown in this BBC Worldwide clip with Ray Mears.

Click this link to try out a [Tundra crossword](#).

Page 140

[The Trans-Alaska Pipeline \(TAPS\) has its very own website](#) stuffed with every detail you would ever want to know about it.

Find out [more detail on the Trans-Alaska Pipeline](#) with this page from the Encyclopaedia Britannica.

This Exxon Valdez Oil Spill Trustee Council website provides great [detail on the spill and what continues to be done to deal with it](#).

This BBC News “On this Day” report sums up the [unfolding Exxon Valdez disaster](#), 1989.

BBC Bitesize reports on the [Exxon Valdez disaster](#).

NBC News reports on the [Exxon Valdez disaster](#).

CNN reports on how the [Exxon Valdez spill affected wildlife](#).

The BlueSea give [detail on the Exxon Valdez disaster](#).

The National Geographic shows how [oil from the Exxon Valdez disaster still pollutes the coast of Alaska](#).

Page 141

Learn more about the [Arctic National Wildlife Refuge](#) by visiting this site from the U. S. Fish and Wildlife Service.

This great link will take you to a website created by the National Geographic detailing the [issues the Arctic National Wildlife Refuge faces](#).

Use this fully [interactive ArcGIS map to investigate the Arctic National Wildlife Refuge](#).

Watch how [life is changing for this remote Inuit Greenland community](#) in this NBC News documentary.

The Obama Whitehouse describes [why the Arctic National Wildlife Refuge should be protected](#) in this clip.

[Could drilling for oil happen in the Arctic National Wildlife refuge?](#) RT Reports.

Page 147

Investigate the [impact of global warming on Arctic sea ice](#) in this NOAA Arctic Program Report Card. This will help you to be informed about the impact global warming is having on the Arctic and tundra areas.

Who are the [winners and losers of melting Arctic sea ice?](#) Follow this link to the NASA Climate Kids page.

What can you do to help? Read NASA Climate Kids to help you think of [5 ways you are going to do your but to stop global warming and save the Arctic tundra environment](#).
